

HETEROGENEOUS VINYL
FLOORCOVERING

Accent 70 Contract Wood

Specification

With a 0.7 mm PVC wear layer, Accent 70 Contract Wood is a competitively priced compact vinyl sheet floorcovering with good resistance to indentation and abrasion.

Ideal for heavy traffic in sectors such as education, healthcare and retail.

Product standard EN649.

Make your balanced choice

Tarkett's approach to sustainability is all about giving our customers simple and clear information so they can make the right choice of flooring, balancing their project and budget requirements against the need of sustainable solutions. That's why all of our products come with a special tag giving the essential information about sustainability and environmental health.

Choosing good materials that become safe reusable nutrients

Using natural resources effectively

Creating safer and healthier spaces

Developing reuse and recycling

Tarkett's commitments to VOC* emissions

Currently, all floorings that Tarkett manufactures have VOC emissions of less than 100µg/m³ (TVOC after 28 days) contributing to better interior air quality. This makes Tarkett an industry reference for VOC reduction with floorings that have 10 times less VOC emissions than current European standards.

Our commitment to better air quality in buildings and homes is a key part of our new Balanced Choice Tag. It gives information about the content of our products and how they contribute to sustainable development enabling customers to make their balanced choice.

* VOC: Volatile Organic Compound

Classification	Standards	Contract Wood
Type of floorcovering	EN649	Heterogeneous vinyl floorcovering
Classification	EN685	Commercial 34 Industrial 43

Technical Characteristics	Standards	Contract Wood
